1) Linking to Romsey Future's Ambitions

Romsey Future's ambitions are for the town to be: well connected, environmentally responsible, a strong community, place focussed, people centred, and economically thriving, they can be found in more detail in the partnership's Vision document. How does this proposal further the ambitions set out in the Romsey Future Vision document?

10: Clear links to Romsey Future's ambitions: The proposed project links to the ambitions in the Vision document and the way in which this project would further the partnership's aims and objectives are clearly demonstrated.

5: Partial links to Romsey Future's ambitions. Whilst the proposed project is linked in part to the ambitions set out in the Vision document, the proposal does not make clear how it would further the partnership's aims and objectives.

0: No link to Romsey Future's ambitions. The proposed project does not link to any of the ambitions set out in the Vision document.

2) Evidence of community support

Does the community want the project?

20: Whole community support: An extensive consultation exercise has demonstrated widespread community consensus that the project is wanted e.g. parish plan.

10: Some evidence: Consultation with a number of user groups or a small cross-section of the wider community.

0: Little or none: No consultation, or limited to a small number of members / users.

4) Impact of proposal

What would the impacts be of this project? Will the impacts be sustainable?

20: High impact: the proposal will provide a key outcome that will have a significantly beneficial impact upon its users and will improve their quality of life. In addition, it may be providing something that was not previously been available to them.

10: Medium impact: The proposal will provide an important outcome that makes a positive impact on the life of its users that was previously not provided to local residents.

0: Little impact: the proposal will provide an outcome which will benefit a small number of people. Alternatively, whilst the proposal would benefit a larger number of local residents, the needs fulfilled by this proposal can be met elsewhere if the proposal were not endorsed.

5) Costings to deliver this proposal

Has this proposal been suitably costed?

10: Fully costed: The proposed costs for this project are known and clearly set out – these are based off quotes or are clearly calculated. Any ongoing costs are identified.

5: Partially costed: estimates for the cost of delivering this project are provided though a full breakdown is not provided. There is an awareness of ongoing costs for this proposal but no clear estimate of what these would be.

0: No costings: There is little or no indication as to how much the delivery of this project would cost or what any ongoing costs would be.
